

Responding to Trade Facilitation in a globalised world

Hart Krtschil & Stephen Morris

AQIS / Industry Cargo Consultative Committee

[Sea and Air Cargo Challenges]

[Four major areas of interest]

- Commercial
- Customs
- Transport Security
- Biosecurity / Quarantine

[Globally Integrated]

Commercial

International banking protocols

International currency exchange protocols

Purchasing, supply and logistics conditions

Customs

World Customs Organisation

Transport

International Maritime Organisation

International Civil Aviation Organisation

International Air Transport Association

[Not Globally Integrated]

Quarantine and Biosecurity

Conditions are not able to be internationally consistent

Classification of Commodities

Interpretation of Conditions

Accessibility of Biosecurity Information

[Industry Expectations]

- Certainty
- Uniformity
- Consistency
- Transparency

[How to achieve the Expectations]

- International Biosecurity Portal
- Ease of Information Interpretation
- Simplicity of Language

[Some Industry AQIS Initiatives]

- “Shared Responsibility”
- Co-Regulation
 - Customs Brokers
 - Quarantine Approved Premises
- Biosecurity Decision Tree (ICON)
